P.O OMORRIO, Kyere Town Council

Serere District, Uganda

RE: "Strengthening productive capacity and resilience of sweetpotato smallholder producer organizations in Uganda"

Dear Mr. Okalebo,

The International Potato Center (CIP) is writing this letter to confirm our co-financing under our proposed collaboration with Soroti Sweetpotato Producers and Processors Association (SOSPPA) on the GAFSP-funded proposal, "Strengthening productive capacity and resilience of sweetpotato smallholder producer organizations in Uganda".

CIP agrees to spend the amount of USD 123,900 from non-World Bank sources, specified as the co-financing contribution during the same implementation period as provided in the proposal budget. This amount will cover the staff time spent for supervising the activities outlined in the technical proposal and the associated administration and office costs. The source of their time would come from CGIAR initiatives that are currently in planning stages.

CIP welcomes the opportunity to work closely with SOSPPA, its team members, the World Bank, and GAFSP upon award based on mutually agreeable terms and conditions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Amanda Rodriguez'.
